What is Erasmus+ Internship?

**Erasmus+ Internship** is a program funded by the EU Commission in order to enable students to conduct professional training and/or gain work experience in a company or organization abroad with a certain amount of financial support.

**Institutions that are eligible for the internships:**
- Companies,
- Business/Training Centers,
- Research Centers,
- Other Institutions (NGO’, universities, public, private etc.)

**Institutions that are not eligible for the internships:**
- European Union institutions and EU agencies,
- National Agency carrying out EU programs etc. organizations.

[Institutions and bodies profiles (europa.eu)](https://europa.eu)
Who Can Apply?

- Students, who are enrolled in a study program as full-time student in a higher education institution, regardless of the academic level (undergraduate, graduate, PhD students and Postdoctoral Researchers).

**Students are able to participate in the program after their graduation in case that they complete their application before graduation.**

Minimum overall GPA requirement for undergraduate students is: **2.20** (by the time of application)

Minimum overall GPA requirement for postgraduate students is: **2.50** (by the time of application).

- Students are required to have a signed Acceptance Letter sent by institution/university where the internship will be conducted.
Duration of the Erasmus+ Internship?

• The duration of the Erasmus+ Internship Mobility can be minimum of 2 months, maximum of 12 months.

☐ Long Term (Physical Mobility) (2-12 months of physical participation)
☐ Short Term (Blended Mobility) 5-30 days of physical participation + virtual component before or after the mobility
Calculation of Erasmus+ Score (CGPA & Language Score)

Min. GPA of 2.20 (for B.A. BSc.) and 2.50 (for MSc. MA. PhD.)

➢ For Undergraduate students: SPS 101, SPS 102, and AL 102 grades are used to determine the English proficiency score. First, all the grades are converted to 100-scale according to the link and the average of the highest two scores are calculated to reach at EPC. A student must have a passing grade from SPS 101 to be eligible to apply. Students who do not have SPS 102 and/or AL 102 score(s) at the time of the application, will be assessed as if they attained grade “C” from these courses.

• The following numerical values are found as (0.4*SPS Score + 0.6*AL 102 Score) from the previous table and rounded to the nearest integer. The purpose was to minimize the transition effect.

• If a student does not have a letter grade but has “Satisfactory” grade for one or more courses, the GPA based score at the time of the application will be used in lieu of the missing course(s) score(s). “Unsatisfactory” scores will be regarded as “F”

➢ For post graduate students only: Your submitted test scores to SU will be considered as the other %50 of your total point, which will be used for the placement. English Proficiency Coefficients for PG

FINAL SCORE FOR RANKING AND PLACEMENT = EPC (50%) + GPA based score (50%) + Special Condition Points if any (+/-)

GPA based score is equal to 25*(Cumulative GPA at the time of the application)

For more information about Language Score Calculation:
Language Score Calculation

*In addition to academic achievement and language score, if the applicant has benefited from another Erasmus+ mobility scheme while pursuing the same level of academic degree, 10 points will be deducted for each and every activity utilized (regardless of whether internship or education).

Motivation Letter

Here are some tips to start applying for places!

1. Write a motivation letter!
   - Mention your personal information & what you are studying, which year etc.
   - Do not forget to mention WHY you want to do your internship in that specific Company/University/Research Centre etc.
   - Do acknowledge what is your expectations from them & how can you use your skills and hobbies to work there as an Intern.
   - Make sure that they understand you are applying for the Erasmus+ Grant and will or will not be asking for financial aid.
   - If possible, attach one or two reference letters from your professors or people you have worked with in the past.
   - Last but not least, let them know kindly that you are expecting their response and do not forget to thank them for their time.

2. Share your motivation letter with the contact person at the institution through email!

3. Get your CV & Cover Letter Checked! (Book an appointment from Academic Communication & Career Office)

4. Seek for a follow-up, do not let the email linger for a long time, being agile is important!

5. Once you get the Acceptance Letter from your Internship place bring it to the Career Development & Internship!
Key Notes About the Internship

- Applicants are responsible for applications/deadlines, DO NOT mix application dates and deadlines, read the announcements carefully!

- Internship Subject has to be related with your study area
